Report on E- Governance in Dharmasala College, Dharmasala, Dhubri

2018-2019

Introduction:

E- Governance refers to the application of technology for delivering services, exchange of information, communication, transactions, integration of various stand-alone systems, and services between every stakeholder within the entire college framework. In the context of Dharmasala College involves in digital transformation to improve the efficiency, transparency and accountability of the administrative services

Objectives of E-Governance in Dharmasala College:

- To promote technology in the administrative aspects of the College.
- Improve access to information and services.
- Ascertain transparency and accountability in all services.
- Ensure electronic payment and transaction.

Implementation of E-Governance:

1. Administration
2. Finance and Accounts
3. Student Admission and Support
4. Examination and Result

1. **Administration:**
   As the College was not provincialised in this period, the institution did not have any E-Governance processes.

2. **Finance and Accounts:**
   As the College was not provincialised in this period, the institution did not have any E-Governance processes. All salary (Teaching & Non- Teaching) were done through offline mode.

3. **Student Admission and Support:**
   As the College was not provincialised in this period, the institution did not have any E-Governance processes.

4. **Examination and Result:**
   In this period, all the examination related works were done through examination portal of affiliated University.
   The link to the affiliating University is: https://guportal.in

Conclusion:

E-Governance plays an important role in enhancing the efficiency, transparency and accountability of the administrative process but as a non provincialised College, this institution could not avail the benefits of E-Governance.
